

## Needs Assessment Survey Results

The Needs Assessment Survey was completed by 97 different corporations and 8 Coop Groups representing a total of 134 completed surveys. The respondents were from a mix of Metro (13%), Suburban (30%), and Town and Rural (46%) corporations; and came from all of the all corners of the State, with 75% of completed surveys coming from outside of central Indiana.

### Allocation of IDEA Funds

Every *General Purpose* was ranked as the most appropriate allocation of funds on at least one survey

- Only 3 *General Purposes* were ranked as the best allocation of funds on 10 or more surveys
  - Statewide Technology (47), Professional Dev. Experiences (36), and PD Materials (19)
- Model Sites and Non-Profit Direct Service Groups had the two lowest average rankings

### Potential Improvement Areas

An overwhelming majority of *Potential Improvement Areas* received support on the completed surveys. In fact, more *Improvement Areas* met the topic needs of 90% or more of the corporations completing the survey than *Improvement Areas* that met the topic needs of less than half of the corporations completing the survey.

Support for Improvement Areas	
Improvement Area	Topic Meets Needs
Scientific-based Interventions	97%
Strategies for Students with Autism	95%
Positive Behavior Intervention	93%
Literacy Instruction	91%
Imp. Transition to Adult Outcomes	90%
----- Below 50% -----	
School-based Medicaid Claims	48%
Integrated and Community Arts	45%
ELL Disproportionality Issues	34%

Corporations also have a strong preference for how they would like to receive their professional development...

### CODA as a Records Management System

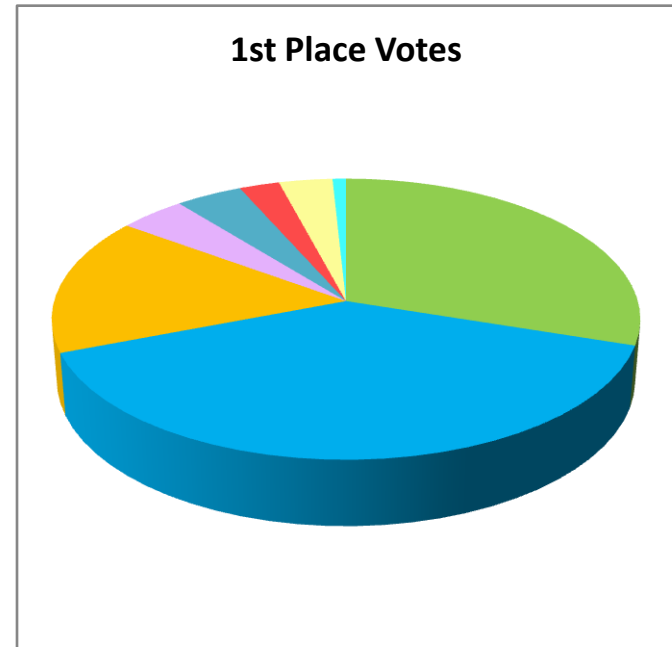

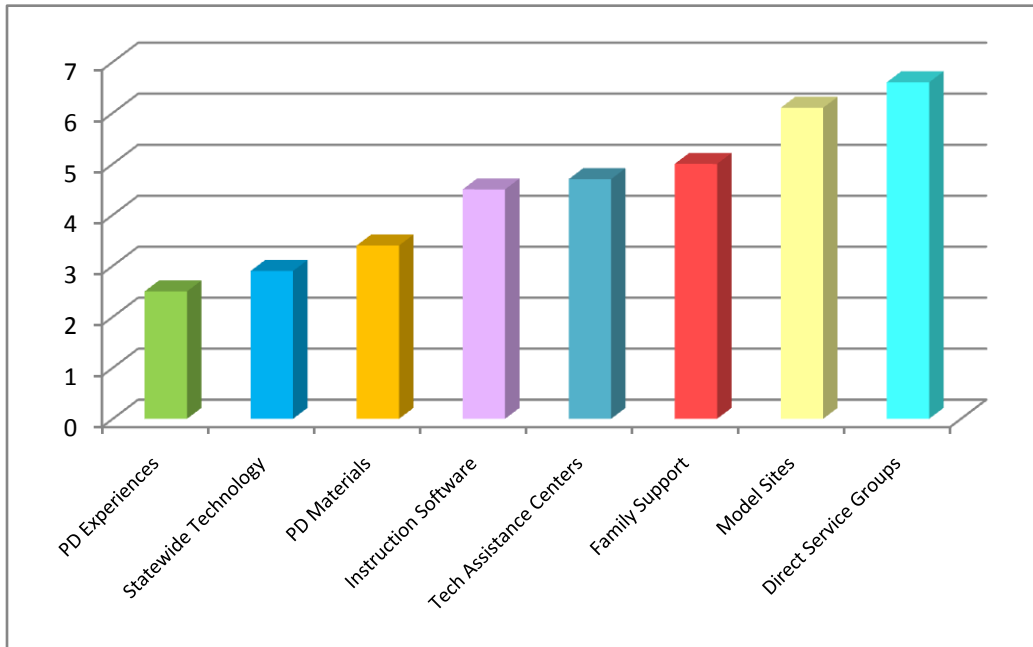

When asked, "is your school district currently using CODA as a records management system" 88% of respondents answered yes. The only subgroup of respondents (corporation position) that answered "yes" less than 90% of the time was School Corporation Superintendents.

The vast majority of the corporations who are using CODA are doing so to meet compliance monitoring standards and for special education tracking and counts.

Please rank in order according to what you believe to be the best use of IDEA allocations.
